## SHELL SCHEME AND STAND WALLING OPTION ORDER FORM

Stand No.
-----------

Deadline Date - Thursday 3rd May
----------------------------------

You can order either of the following 2 stand package options for your stand space.

### Option 1. Shell Scheme stand package, as per attached example image

This option includes white smooth faced panels with a white fascia panel.

Your fascia is supplied with 1 x stand/exhibitor nameboard (attached nameboard form completion is required).

Any bracing/ceiling supports required for larger stands.

### Option 2. Walling only to your stand space

The supply of white smooth faced panels, which may need additional support/bracing panels or ceiling rails.

	Price	Quantity	Total
Option 1. Shell Scheme (per square metre)	£11.50 m2		
Option 2. Walling Only (per linear metre)	£12.00 p.l.m		
Option 2. Walling Only support panels (per linear metre)	£12.00 p.l.m		
Option2. Walling only support/bracing beams (per linear metre)	£8.50 p.l.m		

To place an order on the above options, please fill in all details. Please return this form with a plan of your shell and walling requirements using the attached grid, ensure that your walling, fascia and support panels are clearly marked and return to the below contact information. Once your order is received we shall invoice you accordingly, please note full payment will be required prior to the event and no goods will be supplied unless payment is received in full.

With either of the above options you can then take advantage of the further stand optional extras facilities by making use of the additional stand fitting order form.

## SHELL SCHEME INFO

Stand No.
-----------

### FRONT OF STAND

Please use the 1 square = 1m grid in conjunction with your exhibitor order form to indicate the extras you require.  
Please give the position and heights of shelves & wire racks etc.

#### Panels

Panels in Black, Grey, Red and Blue are covered in fire retardant material which accepts Velcro fixings. Graphics can be attached to stands directly with Velcro (maximum width between uprights is 945mm).

White panels are smooth faced, graphics can be attached directly with 'sticky tabs' or blu-tack (maximum width between uprights is 945mm).

Under no circumstances must anything be nailed, screwed or glued to the shell scheme panels or metalwork of the stand. All damage will be charged to the exhibitor at full replacement cost. Panels are attached to each other by aluminium uprights which stand 20mm proud.

Exhibitors with larger graphics should contact Index for advice.

#### Space Only Sites

Space only sites are not permitted to attach anything to the adjoining shell scheme.

Exhibitors taking space only sites backing onto, surrounded by or adjoining shell scheme stands, should not assume that panels facing their stand will be finished. We are not contracted to supply finished panels (i.e covered with material) to these sites.

Space only exhibitors booking stands between shell scheme sites must deduct 55mm from overall measurements to fit within the allotted space (e.g. a 3m x 2m space only site would in fact have a floor dimension of 2945mm x 1945mm).

**Failure to note this will mean that your stand may not fit in the allotted site.**

Index reserve the right to amend specification without notice
